# ACKNOWLEDGING STUDENT PERFORMANCE AND BEHAVIOUR POLICY - Newtown Primary School

## RATIONALE:
- Acknowledging student behaviour and performance is fundamental to the scaffolding process that teachers use in supporting individual students with their personal growth and learning needs.
- The scaffolding process can be significantly supported by the use of extrinsic and intrinsic rewards.
- Newtown Primary School recognises the need for all students to be able to develop their own inner control (intrinsically) as well as to be offered encouragement and support through the provision of extrinsic rewards.
- Teachers need to be mindful of the many different ways (intrinsically and extrinsically) that rewarding can occur with a clear balance between the two.

## AIMS:
- To encourage students to develop their own internal strategies to support personal growth and development.
- To provide extrinsic recognition to support student growth and personal development.
- To be inclusive in approach.

## IMPLEMENTATION:
- The Rewards Policy will be distributed to all families on enrolling at the school.
- The classroom teachers will continue to learn, adopt and to develop strategies to support continuous improvement in this area.
- The rewarding of behaviour and performance will be the decision of the classroom teacher.
- Each class will recognise a ‘Student of the Week’ at whole school assemblies.

## EVALUATION:
This policy will be reviewed as part of the school’s three yearly review cycle.

*This policy was ratified by school council on: August 16, 2016.*
### ANAPHYLAXIS POLICY – Newtown Primary School

#### BACKGROUND:
Anaphylaxis is a severe, rapidly progressive allergic reaction that is potentially life threatening. The most common allergens in school aged children are peanuts, eggs, tree nuts (e.g. cashews), cow’s milk, fish and shellfish, wheat, soy, sesame, latex, certain insect stings and medication. The key to prevention of anaphylaxis in schools is knowledge of those students who have been diagnosed at risk, awareness of triggers (allergens), and prevention of exposure to these triggers. Partnerships between schools and parents are important in ensuring that certain foods or items are kept away from the student while at the school. Adrenaline given through an EpiPen® autoinjector to the muscle of the outer mid-thigh is the most effective first aid treatment for anaphylaxis.

#### AIMS:
- To provide, as far as practicable, a safe and supportive environment in which students at risk of anaphylaxis can participate equally in all aspects of the student’s schooling.
- To raise awareness about anaphylaxis and the school’s anaphylaxis management policy in the school community.
- To engage with parents/carers of students at risk of anaphylaxis in assessing risks, developing risk minimisation strategies and management strategies for the student.
- To ensure that each staff member has adequate knowledge about allergies, anaphylaxis and the school’s policy and procedures in responding to an anaphylactic reaction.

#### IMPLEMENTATION
**Individual plans**
- The principal will ensure that an individual management plan is developed, in consultation with the student’s parents, for any student who has been diagnosed by a medical practitioner as being at risk of anaphylaxis.
- The individual anaphylaxis management plan will be in place as soon as practicable after the student enrols, and where possible before their first day at the school.
- The individual anaphylaxis management plan will set out the following:
  a. Information about the diagnosis, including the type of allergy or allergies the student has (based on a diagnosis from a medical practitioner).
  b. Strategies to minimise the risk of exposure to allergens while the student is under the care or supervision of school staff, for in-school and out of school settings including camps and excursions. *Note: Appendix 2 of the Anaphylaxis Guidelines contains advice about a range of prevention strategies that can be put in place.*
  c. The name of the person/s responsible for implementing the strategies.
  d. Information on where the student’s medication will be stored.
  e. The student’s emergency contact details.
  f. An emergency procedures plan (ASCIA Action Plan), provided by
the parent, that:
   i. sets out the emergency procedures to be taken in the event of an allergic reaction;
   ii. is signed by a medical practitioner who was treating the child on the date the practitioner signs the emergency procedures plan; and
   iii. includes an up to date photograph of the student.

Note: The red and blue ‘ASCIA Action Plan’ is the most common form of emergency procedures plan that is provided by medical practitioners to parents when a child is diagnosed as being at risk of anaphylaxis. Download from DEECD Health Support Planning Policy

The student’s individual management plan will be reviewed, in consultation with the student’s parents/ carers:
• annually, and as applicable,
• if the student’s condition changes, or
• immediately after a student has an anaphylactic reaction at school.

It is the responsibility of the parent to:
• provide the emergency procedures plan (ASCIA Action Plan).
• inform the school if their child’s medical condition changes, and if relevant provide an updated emergency procedures plan (ASCIA Action Plan).
• provide an up to date photo for the emergency procedures plan (ASCIA Action Plan) when the plan is provided to the school and when it is reviewed.

Note: A template of an individual anaphylaxis management plan can be found on Page 26 DEECD Anaphylaxis Guidelines

Volunteers and casual relief staff of students at risk of anaphylaxis will be informed of students at risk of anaphylaxis and their role in responding to an anaphylactic reaction by a student in their care by the first aid officer. <th><strong>ATTENDANCE POLICY – Newtown Primary School</strong></th>

<tbody>
<tr>
<td><strong>Rationale</strong></td>
</tr>
<tr>
<td>In accordance with the <em>Education and Training Reform Act</em> 2006, schooling is compulsory for children and young people aged from 6 – 17 years unless an exemption has been granted. Parents/guardians must enrol a child of compulsory school age at a registered school and ensure the child attends school at all times when the school is open for instruction.</td>
</tr>
<tr>
<td><strong>Aims</strong></td>
</tr>
<tr>
<td>To ensure all children of compulsory school age are enrolled in a registered school and attend school every day the school is open for instruction.</td>
</tr>
<tr>
<td><strong>Guidelines</strong></td>
</tr>
<tr>
<td>Students are expected to attend the school in which they are enrolled, during normal school hours every day of each term, unless:</td>
</tr>
<tr>
<td>1. there is an approved exemption from school attendance or attendance and enrolment for the student, or</td>
</tr>
<tr>
<td>2. the student is registered for home schooling and has only a partial enrolment in a school for particular activities.</td>
</tr>
<tr>
<td>The principal or Regional Director (depending on the circumstances) may authorise an exemption and provide written approval for student attendance or attendance and enrolment to be exempt or reduced to less than full time.</td>
</tr>
<tr>
<td>For absences where there is no exemption in place, the parent/guardian must provide an explanation on each occasion to the school. The school will determine if the explanation provided is a reasonable excuse for the purposes of the parent meeting their responsibilities under the <em>Education and Training Reform Act</em> 2006.</td>
</tr>
<tr>
<td><strong>Attendance Records</strong></td>
</tr>
<tr>
<td>Newtown Primary School maintains attendance records and develops policies and practices to support and maintain attendance. These include:</td>
</tr>
</tbody>
</table>

Amendments to the *Education and Training Reform Act* 2006 were introduced from January 1, 2014 and effective from March 1, 2014.

School Attendance Officers (Regional Directors) are empowered to issue School Attendance Notices if they have reasonable grounds to believe –

a. a child enrolled in a registered school has been absent from the school on at least 5 separate days in a 12 month period; and
b. no reasonable excuse has been given for the absences; and

c. measures to improve attendance have been unsuccessful.

School Attendance Officers are empowered to issue an Infringement Notice if they believe a parent has failed to comply with a School Attendance Notice. It is intended that Infringement Notices will only be issued as a very last resort.
• assessing students individual learning needs
• providing learning programs which are engaging and linked to learning needs
• engaging with the family
• establishing an Attendance Support Group
• developing an Attendance Plan
• engaging support from Child FIRST.

At Newtown Primary School student attendance is recorded twice per day, along with the reason given for each absence. This is necessary to:
• meet legislative requirements
• discharge schools’ duty of care for all students
• assist calculation of the school’s funding
• enable school councils to report on student attendance annually

As a government school, Newtown Primary School uses eCASES21 to record student attendance. Parents/guardians are required to provide an explanation for their child’s absence from school, and a principal, or their delegate, must record in writing the reason (if any) given by the parent/guardian.

At Newtown Primary School, we endeavor to advise parents/guardians promptly of unexplained absences.

<table>
<thead>
<tr>
<th>Year Level Movement</th>
<th>Schools should regularly promote students to the next year level with their peer group. At Newtown Primary School we use our professional expertise and judgment in relation to these matters. Students are retained only in exceptional circumstances where a school considers it is required for the long-term benefit of the student e.g. considering their social, welfare and academic needs. Schools must ensure that parents/guardians are fully advised of the options that the school considers to best meet individual student needs. Students however should not be retained without the consent of parents/guardians.</th>

# BPay POLICY – Newtown Primary School

## PURPOSE:
Newtown Primary School is committed to providing the best possible educational opportunities for all students. Parent Contributions make it possible for the School to maintain its high standards of education in quality facilities.

## AIMS:
Newtown Primary School is committed to providing a range of options to parents to make the payment of School fees, Camps and Excursions/Incursions as easy as possible. As well as cash or cheque payments can be made with EFTPOS and credit card.

## IMPLEMENTATION
BPay transactions will be recorded using the DEECD CASES21 Finance program and in accordance with the appropriate Process Guide instructions.

To ensure the correct allocation of payments, parents are asked to forward the remittance advice from their statement with the charges being paid marked. If the school does not receive advice within two (2) days of the payment being made, the funds will be allocated to the oldest charges.

Alternatively, parents may email the School at newtown.ps@edumail.vic.gov.au for the attention of the Business Manager stating what the payment is for.

<tr>
<th><strong>PURPOSE:</strong></th>
<th>Newtown Primary School is committed to providing a safe, caring and respectful culture which enables positive relationships to be formed amongst all students and staff and which encourages self-esteem, cooperation, personal growth and a positive attitude to learning and teaching. A clear policy on bullying (including cyber bullying) and harassment will inform the community that <strong>bullying and harassment in any of its forms will not be tolerated.</strong></th>
</tr>
</thead>
</table>
| **Aims:** | • To reinforce within the school community that no form of bullying is acceptable.  
• Everyone within the school community is alerted to signs and evidence of bullying and has a responsibility to report it to staff whether as observer or victim.  
• To ensure that all reported incidents of bullying are followed up and that support is given to both victim and perpetrator.  
• To seek parental and peer-group support and co-operation at all times. |
| **DEFINITION** | **Bullying** is repeated oppression, physical or psychological, of a less powerful person by a more powerful person or group.  
There are three broad categories of bullying:  
1. **Direct physical bullying** – e.g. hitting, tripping, and pushing or damaging property.  
2. **Direct verbal bullying** – e.g. name calling, insults, homophobic or racist remarks, verbal abuse.  
3. **Indirect bullying** – this form of bullying is harder to recognise and often carried out behind the bullied student’s back. It is designed to harm someone’s social reputation and/or cause humiliation. Indirect bullying includes:  
• lying and spreading rumours  
• playing nasty jokes to embarrass and humiliate  
• mimicking  
• encouraging others to socially exclude someone  
• damaging someone’s social reputation and social acceptance  
• cyber-bullying, which involves the use of electronic means to humiliate and distress  
**Cyber-bullying** consists of covert, psychological bullying, conveyed through the electronic mediums such as mobile phones, websites, on-line chat rooms, ‘MUD’ rooms (multi-user domains where individuals take on different characters). It is verbal (over the telephone or mobile phone), or written (flaming, threats, racial, sexual or homophobic harassment) using the various mediums available.  
**Harassment** is any verbal, physical or sexual conduct (including gestures) which is uninvited, unwelcome or offensive to a person. |
**IMPLEMENTATION**

Our school will actively promote a positive and welcoming personal environment for all members of the school community. When people are bullied or harassed some effects might be anger, embarrassment, fear and humiliation, loss of self-confidence and reduced function and potential. Bullying and harassment will be addressed, individual differences will be respected and students and staff will be enabled and supported in their pursuit of learning and teaching.

A school-wide approach will be taken to deal with bullying (including cyber bullying) and harassment in a consistent and systematic way.

All new students and staff will be informed of the anti-harassment policy and practices at the commencement of their time at the school.

All complaints of harassment will be heard in confidence and taken seriously.

Our school will organise preventative curriculum programs that promote resilience, life and social skills, assertiveness, conflict resolution and problem solving.

Staff programs will occur periodically to keep staff informed of current issues/strategies for dealing with these issues.

There will be disciplinary consequences, covering a range of strategies, for those in breach of the Anti-Bullying

<table>

<tr>
<th><strong>PROCEDURES:</strong></th>

</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>• tell the person you don’t like what they are doing and you want them to stop</td>
</tr>
<tr>
<td></td>
<td>• discuss the matter with the Principal, Welfare Co-ordinator, Team Leader or a teacher that you feel comfortable with</td>
</tr>
<tr>
<td></td>
<td>• the school will take concerns seriously - all complaints will be treated confidentially</td>
</tr>
</tbody>
</table>

School procedures for responding to a student who bullies or harasses others are set out below.

**Level 1**

If the bullying or harassment incident is minor or first time occurrence, teachers may elect to use one or more anti-bullying practices:

• stopping the bullying/re-statement of rules and consequences
• restorative questioning
• think time detention
• private conference
• shared control discussion

If the student does not take control over his/her behaviour, a report should be made to the student welfare coordinator or principal/assistant principal.

**Level 2**

If the bullying or harassment continues, or in instances of severe bullying or harassing, a referral should be made to the Student Welfare Coordinator.
Here, the Student Welfare Coordinator (or another who has responsibility for student welfare) may:

- meet with the student to develop a behaviour contract
- provide discussion/mentoring of different social and emotional learning competencies including structured learning activities
- conduct a restorative conference separately with the perpetrator and “target”

**Level 3**

For ‘at risk’ students (many risk factors, few protective factors) whose bullying or harassing behaviour is severe and for other non-at risk students whose bullying or harassing and other aggressive behaviour is resistant to change, an individual ‘strength building’ plan should be developed by the student welfare coordinator in consultation with student, parents/carers and teachers. Individual strength-building plans and associated interventions help connect the student to positive people, programs and actions in the community, school and home as well as develop the student’s inner social and emotional strengths (skills, values).

**Level 4**

Students whose severe bullying or harassing behaviour resists school efforts and represents a significant threat to the safety and wellbeing should be referred to outside agencies for evaluation. Student Welfare Coordinators will need to be familiar with those community agencies and organisations that can offer more intensive services to the student and student’s family.

**Note:** The school may choose, if bullying or harassment persists or the initial incident is of such magnitude, that parents/carers will be contacted and consequences implemented consistent with the school’s Student Code of Conduct. Furthermore, the principal may commence formal disciplinary action in line with ‘Effective Schools are Engaging Schools - Student Engagement Policy Guidelines’ (DEECD) at any stage in the process depending on contextual information relating to the severity of the bullying (including-cyber bullying) and harassment.

**Evaluation:**

*This policy will be reviewed as part of the school’s four year review cycle.*

*This policy was ratified by school council on: May 2014*
### CAMPS POLICY – Newtown Primary School

**PURPOSE:**

Camps are seen as an integral part of the school curriculum as they enable students to explore, extend and enrich their learning and their social skills development, in a non-school setting. Camps may have a cultural, environmental or outdoor emphasis and are an important aspect of the educational programs offered at our school. A camp is defined as any activity that involves at least one night’s accommodation.

**AIMS:**

- To provide students with the opportunity to participate in a camping program that is linked to social, cultural and educational outcomes for students.
- To provide shared class and year level experiences, team building and a sense of group cohesiveness.
- To reinforce and extend classroom learning, in particular, in relation to the Personal and Interpersonal Domains of AusVELS.
- To provide a program that delivers skills and knowledge that may lead to a lifelong involvement in worthwhile leisure pursuits.
- To provide a program that promotes self-esteem, resourcefulness, independence, leadership, judgement, cooperation and tolerance.
- To further develop their problem solving and life survival skills.
- To extend understanding of their physical and cultural environment.

**IMPLEMENTATION**

- All camps must be approved by the Principal and School Council.
- The principal or their nominee will ensure that full records are submitted to council regarding the camp well in advance of the starting date of the event and that no camp occurs unless all the formal record keeping has been completed and approved. Ideally all camps should be submitted to Council for in principle approval in the November/December Council meeting in the preceding year.
- All camps must be approved prior to running. This decision will be made by the Principal. The Principal, in consultation with appropriate staff, will consider the educational outcomes of the camp as well as the impact on the school program for the proposed dates.
- The Principal, in consultation with organizing teachers, will ensure that all camps, transport arrangements, emergency procedures and student/staff ratios comply with DEECD guidelines.
- The School office will complete the “Notification of School Activity” online at [www.eduweb.vic.gov.au/forms/school/sal/enteractivity.asp](http://www.eduweb.vic.gov.au/forms/school/sal/enteractivity.asp) 4 weeks prior to the camp departure date, and pass on to the ‘Teacher In Charge’ to be entered on the term planner.
- All approved camps will then be presented to School Council for their approval.

**ACCESS TO CAMP**

- All efforts will be made not to exclude students simply for financial reasons. Parents experiencing financial difficulty, who wish for their children to attend a camp, are invited to discuss alternative arrangements with the Principal. Decisions relating to alternative payment arrangements will be made by the
Principal and Business Manager in consultation with the appropriate staff, on an individual basis.

- All aspects of the camp will be outlined to parents in writing, including cost, sleeping arrangements, itinerary, activities, clothing and equipment lists, contact phone numbers, transport arrangements, student management processes, permission and medical forms and clearly stated payment finalization dates.
- All families will be given sufficient time to make payments for camps. All parental consent and medical forms must be completed, signed and returned and all money must be paid prior to leaving. Copies of completed permission notes and medical information must be accessible at the camp location by staff at all times.
- Only students that have displayed sensible, reliable behaviour at school will be permitted to participate in school camps. Parents will be notified if their child is in danger of losing the privilege to participate in a camp due to poor behaviour at school. The decision to exclude a student will be made by the Principal, in consultation with the organizing teacher. Both the parent and the student will be informed of this decision prior to the camp. All students participating in a school camp will be asked to sign a contract agreeing to abide by all camp rules.
- Parents will be requested to collect their child from camp if their child exhibits behaviour that is considered unacceptable or a danger to others. The Teacher in Charge, in consultation with a member of the leadership team, will make this decision. Costs incurred will be the responsibility of the parent.

<table>
<thead>
<tr>
<th>ORGANISATION</th>
</tr>
</thead>
<tbody>
<tr>
<td>- All food, equipment, staffing, organization of activities and student management procedures must be addressed prior to the camp. Consideration needs to be given to students with special dietary and medical requirements. Parents should notify the staff in writing regarding special dietary and medical requirements when returning consent forms.</td>
</tr>
<tr>
<td>- Teacher will keep record of payments and relevant paperwork. Office staff will be responsible for managing and monitoring the payments made by parents and will provide organizing teachers with detailed records on a regular basis.</td>
</tr>
<tr>
<td>- The ‘Teacher in Charge’ must provide the General Office with a final student list.</td>
</tr>
<tr>
<td>- In the case where a camp involves a particular class or year level group, the organizing teacher will ensure that there is an alternative program available for those students not attending the camp.</td>
</tr>
<tr>
<td>- The school will provide a first aid kit for each camp. The teacher in charge is responsible for collecting this prior to leaving.</td>
</tr>
<tr>
<td>- Parents may be invited to assist in the delivery of school camps. When deciding which parents will attend the organizing teacher will take into account any valuable skills offered (e.g. bus licence, first aid, etc), gender balance and special needs of particular students. All parents attending camp will have a current ‘Working with Children’ check.</td>
</tr>
<tr>
<td>- For high risk Outdoor Education activities the staff member organizing must have suitable training and current qualifications. All staff members must be aware of the increased duty of care.</td>
</tr>
<tr>
<td>- The ‘teacher in charge’ will ensure that student medical forms are available at the camp location.</td>
</tr>
</tbody>
</table>
the site and all camp staff are aware of special medical issues or medication requirements of any student.

- One staff member will be designated to take responsibility for administering student medication if required, following consultation with parents and/or appropriate medical practitioners.
- Camps will be staffed in accordance with DEECD guidelines of 1 staff (including volunteers, instructors, etc): 10 students

<table>

<tr>
<th>SITE SAFETY</th>
<th></th>

</table>
| • All safety requirements must be considered and adequately resolved prior to the camp. Telephone numbers of all emergency services must be provided to the school, and be taken on camp. **Refer:** Safety Guidelines for Education Outdoors  
• A designated ‘Teacher in Charge’ will coordinate each camp.  
• The ‘Teacher in Charge’ will ensure all students and adults attending the camp are aware of evacuation and emergency procedures.  
• The ‘Teacher in Charge’ will communicate the anticipated return time with the school office in the case where camps are returning out of school hours. Parents will be informed prior to students leaving for the camp, that they can phone the office to receive an updated anticipated return time. |

Cash Handling Policy

**Rationale:**
Cash transactions are one of the most vulnerable areas of the school. To safeguard these assets, protect the staff involved in receipting and collection, and minimise the risks associated with cash handling, the school will implement the measures outlined below, in accordance with DE&T guidelines and best practice.

**Aims:**
- To provide a well-managed system for the handling of cash within the school
- To minimise risk when handling cash
- To ensure all cash payments made are receipted in a timely manner and in accordance with DE&T guidelines

**Implementation:**
- All monies collected in the classrooms will be forwarded to the Office in the wallets provided to each teacher.
- No cash is to be kept in the classroom.
- An official receipt will be issued immediately for all monies received over the counter at the office, and the original given to the payer.
- Receipts for monies collected from the classrooms will be completed daily.
- Receipts cannot be altered.
- All cash is to be kept either in the secure cash drawer or the safe during the day. At the end of each day, any cash not banked must be secured in the safe. Access to the safe room is to be restricted.
- Prior to banking, all cash and cheques will be reconciled with receipts.
- EFTPOS settlement will be undertaken at the end of each day.
- Banking is to be undertaken at least twice per week – more often if needed. Money will not be left at the school during school vacation periods.
- Banking routines will differ to reduce risk.
- The school will not cash personal cheques.
- Bank deposit slips are to be prepared through CASES21 in duplicate. One copy is kept by the bank; the other copy is to be stamped by the bank and filed at school for auditing purposes.
- The Administration Officer will prepare the banking and the Business Manager will double-count and do the banking (segregation of duties). Any discrepancies must be reported to the Business Manager immediately. Any discrepancies that cannot be accounted for must be reported to the Principal.

CONFIDENTIALITY AGREEMENT

I, ____________________________________________________________ (Name)

understand that as a condition of employment (paid or voluntary) by Newtown Primary School, I shall neither during nor after the period of engagement with the school, except in the proper course of my duties or as permitted by the school or as required by law, divulge to any person any confidential information concerning:

- Student personal, health and financial information
- Family personal, health and financial information
- The business or financial arrangements or position of this school; and
- Any of the dealings, transactions or affairs of the school.

The arrangement between this school and its employees is founded on trust. I undertake not to knowingly access any confidential information about the business of the school, students or families, unless such information is essential for me to properly and efficiently perform my duties. I am aware that these conditions extend to unnecessary discussion of confidential information within the school. I understand that any breach of this trust will render me liable to disciplinary action, termination and/or civil proceedings.

I further undertake to inform my supervisor immediately if I become aware of any breach of privacy or security relating to the information I access in the course of my duties.

This restriction ceases to apply to any information or knowledge, which subsequently comes into the public domain by way of authorised disclosure.

All confidential records, documents and other papers together with any copies or extracts thereof in my possession will be returned to the school on the termination of my engagement.

This policy was ratified by school council on: August 19, 2014
This policy will be reviewed as part of the school’s four year review cycle or more often if necessary due to changes in regulations or circumstances.
| Rationale | Newtown Primary School may become directly or indirectly involved in a tragic or traumatic event. The incident may involve loss of life, serious injury or emotional disturbance. The incident may occur in the school environment or outside. It may involve staff, students or those close to them. The network of those involved in a traumatic event can be wide, especially if it directly involves the school. Feelings of grief and loss can continue over long periods of time. Counselling should be provided for all those who need it. This may include many who do not seem to be closely connected to the event or the individuals involved. The school may be in a position to help grieving families at difficult times, e.g. through the school’s participation in the funeral service. While school should operate as normally as possible, some degree of flexibility should exist. It is essential that people be given clear, accurate information at all times. It is essential that a Critical Incident Recovery Team be formed to manage the short and long term effects. |
| Aims | To ensure that there are clear guidelines in place in the case of a critical incident impacting on the Newtown PS community. |
| Guidelines | Incidents may vary in complexity. These guidelines provide a framework for action and would not necessarily be followed in all cases. However, the following 4 principles must be followed: 1. provide clear, accurate information 2. describe the actions to be followed 3. provide help for all affected 4. maintain a normal school program as close as possible Obtain accurate information. Deal only with substantiated facts. As soon as possible inform staff, especially those most directly involved. Inform close friends and family individually. Allow questions and discussion as they arise. Dispel rumours. Appoint a skilled Critical Incident Recovery Team to assist in the management of the incident. The team may include staff members, psychologists, counsellors, external DEECD personnel, support agencies etc. The size and composition of the team will be related to the nature of the incident. Distribute names of the Critical Incident Recovery Team members, and inform others of the role of the team. As soon as possible provide information to the community as to what has happened, and what is being done. Appoint a skilled Critical Incident Recovery Team member to respond to media enquiries. A written press release may be useful. If necessary, protect others from contact with the media. Advice regarding this may be obtained from the DEECD Emergency Communications Centre and the DEECD Media Unit. Establish an open line of contact with the family or families directly involved. Provide ‘out of school hours’ contact if necessary. This could be as simple as circulating...
the Principal’s telephone number. In more complex situations it may mean maintaining telephone contact at the school.

Continue contact with the family to identify their expectations of the school, e.g. student participation in funeral or memorial service.

Try to identify those most likely to need help, e.g. classmates, teacher, special friends. Some students not directly affected may become distressed.

Ensure that counselling help is available. Contact the Regional Office and/or DEECD if necessary. All emergency or criminal activity, in which the safety or well-being of staff or students is at risk, or where there is a threat to property, must be reported immediately to the Department’s 24 hour Emergency and Security Management Branch on (03) 9589 6266.

Continue to keep staff, students and parents informed, especially about what has happened and what the school is doing about it.

As soon as possible call students together and provide information about what has happened and what the school is doing about it. A follow up letter home may be important.

Provide counselling services for all. Ensure that there are suitable places in which this can take place. Be prepared to modify the timetable and other arrangements so that people are free to make use of available help.

The class teacher may be the person to whom students first turn for help.

Children wishing to attend funerals should do so in the company of their parents. Provide meaningful participation for those not actually attending the service.

Continue normal routines at school but acknowledge the effect of tragedy on the school community. Be flexible with those in need of help. Be aware that many people may be deeply affected, e.g. an event may cause a person to recall some traumatic event involving them in the past. The anniversary may also be a difficult time.

Maintain links with the family. The school and family may wish to develop a memorial garden, erect a memorial plaque, or display a photo in a prominent position in the school.

Be sensitive to staff and student’s needs over a period of time.

<tr>
<th><strong>DUTY OF CARE - Newtown Primary School</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Rationale:</strong></td>
</tr>
<tr>
<td>In addition to their professional obligations, principals and teachers have a legal duty to take reasonable steps to protect students in their charge from risks of injury that are reasonably foreseeable.</td>
</tr>
<tr>
<td><strong>Aims:</strong></td>
</tr>
<tr>
<td>To ensure that staff have an understanding of their duty of care to students, and behave in a manner that does not compromise these legal obligations</td>
</tr>
<tr>
<td><strong>Definition:</strong></td>
</tr>
<tr>
<td>Whenever a student–teacher relationship exists, the teacher has a special duty of care. This is defined as: “A teacher is to take such measures as are reasonable in the circumstances to protect a student under the teacher’s charge from risks of injury that the teacher should reasonably have foreseen.” (Richards v State of Victoria (1969) VR 136 at p. 141)</td>
</tr>
<tr>
<td>As part of that duty, teachers are required to supervise students adequately. This requires not only protection from known hazards, but also protection from those that could arise (that is, those that the teacher should reasonably have foreseen) and against which preventive measures could be taken.</td>
</tr>
<tr>
<td><strong>School authorities in breach of the duty of care may be liable for injuries inflicted by one student on another, as well as for injuries sustained by a student.</strong></td>
</tr>
<tr>
<td>Schools normally satisfy the duty of care by allocating responsibilities to different staff. For example, the principal is responsible for making and administering such arrangements for supervision as are necessary according to the circumstances in each school, and teachers are responsible for carrying out their assigned supervisory duties in such a way that students are, as far as can be reasonably expected, protected from injury</td>
</tr>
<tr>
<td><strong>Implementation:</strong></td>
</tr>
<tr>
<td>Although the general duty is to take reasonable steps to protect students from reasonably foreseeable risks of injury, specific (but not exhaustive) requirements of the duty involve providing adequate supervision in the school or on school activities as well as providing safe and suitable buildings, grounds and equipment.</td>
</tr>
<tr>
<td>A teacher’s duty of care is not confined to the geographic area of the school, or to school activities, or to activities occurring outside the school where a student is acting on a teacher’s instructions. The duty also applies to situations both before and after school where a teacher can be deemed to have ‘assumed’ the teacher pupil relationship.</td>
</tr>
<tr>
<td>Quite apart from mandatory reporting requirements, a teacher has a concurrent duty of care to protect a student from harm that is reasonably foreseeable. A breach of this duty of care may lead to legal action being taken against the individual teacher or teachers concerned. A breach of this duty of care will be established if a teacher or principal failed to take immediate and positive steps after having acquired actual knowledge or formed a belief that there is a risk</td>
</tr>
</tbody>
</table>
that a child is being abused or neglected, including sexual abuse.

The teacher’s duty of care is greater than that of the ordinary citizen in that a teacher is obliged to protect a student from reasonably foreseeable harm or to assist an injured student, while the ordinary citizen does not have a legal obligation to respond.

Whilst each case regarding a teacher’s legal duty of care will be judged on the circumstances that occurred at the time, the following common examples of how a teacher meets their legal duty of care responsibilities to their students:

- All teachers to have high academic expectations for all students.
- All staff to have high behaviour expectations for all students.
- All staff to have high expectations from students regarding tidy classrooms, displays and passageways.
- Ensure consistency with school rules regarding uniform policy, doors, running, canteen etc.
- All teachers to be in classrooms at least 10 minutes before tuition commences at 9:00 am.
- All teaching staff will remain at school for at least 15 after tuition concludes 3:30pm.
- 38 hour week is generally understood to be 8:50am – 3:50pm each day and up to 2 hours of meetings each week plus 1 additional hour negotiated with the Principal.
- Staff absences to be notified as early as possible.
- Where possible, personal appointments to be made outside school hours requirements.
- Students to be supervised on excursions and at assembly in a professional manner.
- No mobile phone usage and only appropriate usage of internet, during instruction time.
- Teachers to escort students into the yard upon dismissal.
- Staff to dress appropriately.
- Movement of students in corridors and around the school should be supervised and orderly.
- Staff are to maintain high quality displays of children’s work in classrooms and corridors.
- Staff are to ensure prompt attendance at line up areas.
- Never leave a class unsupervised.
- Report to Yard Duty on time, every time.
- Administrative tasks are a professional requirement. Please meet all deadlines as requested.
- Complete class rolls promptly.
- Work programs to be compiled by the Monday of the week of delivery.
- Evaluation folders are to be maintained and updated regularly.
- Unit plans to be completed and sent to Amanda and Alice within a fortnight of the beginning of term.
- Current class timetable to be displayed on the door of the classroom.
- Items and equipment borrowed to be returned as borrowed.
- Staff are urged to be security conscious with personal belongings at all times.
- At the end of the day, leave room tidy with valuable equipment stored appropriately, heating and air condition turned off and windows locked.
Staff members are also cautioned against giving advice on matters that they are not professionally competent to give (negligent advice). Advice is to be limited to areas within a teacher’s own professional competence and given in situations arising from a specified by them by the principal.

Teachers must ensure that the advice they give is correct and, where appropriate, in line with the most recent available statements from institutions or employers. Teachers should not give advice in areas outside those related to their role where they may lack expertise.

**Risks to students outside the school environment**

Legal cases establish that a teacher’s duty of care does not start nor end at precise times during the day. The approach generally taken is that a teacher’s duty applies irrespective whether the risk occurs in or outside the school environment. However, the important issue in all cases will be whether the school took reasonable steps to protect the student from the risk.

Risks outside the school environment may sometimes call for immediate and positive steps by a school depending on the age of students, urgency and threat of injury. Consider for example, if a live power line came down outside the school, no emergency workers had arrived, and primary children are about to be dismissed to walk home. No school would allow the children to walk out to that danger unsupervised.

There will be a number of other situations where the school will be under a duty to take reasonable steps. In some instances, the school’s control over the activity may require it to take more active measures to satisfy the requirement that it take reasonable steps.

Staff are responsible for their students at all times.

The following instructions and notices apply to all staff.

**Learning Area Supervision**

Staff must not leave the classroom unattended at any time during a lesson.

It is not appropriate to leave students in the care of ancillary staff, parents or trainee teachers (At law, the Duty of care cannot be delegated)

It is not appropriate to leave students in the care of external education providers for example incursions (At law, the duty of care cannot be delegated)

In an emergency situation use the phone for the Principal or Assistant Principal or contact the teacher in the next room. (if appropriate – send another student for assistance)

**No student** should be left unsupervised outside the classroom as a withdrawal consequence for misbehaviour. Withdrawal is to be conducted by sending a student to a colleague’s classroom, or to the Principal. This should be accompanied by documentation and appropriate follow up. The teacher, Principal is to be contacted first to alert them that the student is on their way.
**Movement of Students**

Care needs to be taken in allowing students to leave the room to work in other areas of the school.

Students are to be supervised when moving to specialist classes and must move in a calm and orderly manner.

Student should be sent to the toilet in pairs.

Senior students should wear their ‘trust licence’ when out of the SLA.

**Yard supervision**

Yard supervision is an essential element in teachers’ duty of care. It is now clearly established that in supervising students, teacher’s duty of care is one of positive action.

Be aware that students are usually less constrained and more prone to accident and injury than in a more closely supervised classroom.

Be aware that yard duty supervision within the school requires the teacher to fully comply with DEECD guidelines and brings with it an increased duty of care. It is a teacher’s responsibility to be aware of these guidelines and duty of care responsibilities.

Teachers rostered for duty are to attend the designated area at the time indicated on the roster.

Teachers on duty are to remain in the designated area until the end of the break period or until replaced by the relieving teacher, whichever is applicable.

The handing over of duty from one teacher to another must be quite definite and **must occur in the area of designated duty**. Where a relieving teacher does not arrive for duty, the teacher currently on duty should send a message to the staffroom/office, **but not leave the area until replaced**.

No permanent changes to the yard duty roster are to be made without the approval of the Principal.

Be alert and vigilant -intervene **immediately** if potentially dangerous behaviour is observed in the yard - enforce behaviour standards and logical consequences for breaches of safety rules.

You should always be on the move and highly visible.

**Excursions, Incursions and Camps**

Be aware that students are usually less constrained and more prone to accident and injury than in a more closely supervised classroom.

Be aware that an incursion with an external provider does not absolve supervision duties of the teacher, including first aid duties. A teacher must be present at all times and remain the person designated with duty of care.
responsibilities.

Be aware that camps and excursions outside the school require the teacher to fully comply with DEECD guidelines and bring with it an increased duty of care. It is a teacher’s responsibility to be aware of these guidelines and remain the person designated with duty of care.

Be aware that excursion and camp activities require the teacher to ensure that the venue and transport adhere to DEECD guidelines.

Be aware that school policy is for students to be counted on and off transport and at other times on a regular basis whilst on excursion or camp activities.

The teacher in charge will have copies of all confidential medical forms and permission notes with contact details. A copy of this material will also be kept at school.

Arrangements will be made for students not attending to continue their normal program at school under supervision of another classroom teacher.

The teacher in charge or designated teacher of an excursion or camp will carry a mobile phone and a first aid kit.

If the return time from an excursion or camp is delayed, the teacher in charge will contact the school to inform the Principal of the new arrival time so that parents can be contacted and a senior staff member will remain at school until they arrive.

If crossing roads students are to use designated crossing points. Staff are to walk to the middle of the crossing to ensure visibility and orderly crossing. Other staff control the flow of students across the road.

All staff must follow the DEECD guidelines when organising an excursion, incursion or camp. All procedural steps contained in the School camping, excursions and incursions Policy and Procedure outlines must also be followed.

**Informing Staff of the legislative liability of Duty of Care**

All staff will be informed of their legal requirement via:-

- A copy of this document will be provided to each member of staff at the first staff meeting at the commencement of the school year, and will be placed on the intranet.
- New staff will be informed of their Duty of Care as part of the school’s Induction Program
- Duty of Care will be an agenda item at staff meetings and staff will be directed to familiarise themselves with section Student Safety of the Victorian Government Schools Policy Advisory Guide.
- Staff will complete a risk assessment including duty of care when completing planning for camps, excursions and incursions.
- Staff will be directed to the student wellbeing policy annually.

# E-SMART POLICY – Newtown Primary School

**“Adults use the Internet, but children ‘live’ it!” - John Bertrand, Chairman of the Allanah and Madeline Foundation**

## PURPOSE:
Newtown Primary School recognises the importance of Information Communication Technology in preparing students for the world around them and we believe ICT is an integral part of the curriculum. We want our students to be confident and safe while using technology in our school. Newtown Primary School will be an eSmart school and promote cyber safety in the community. We believe that explicitly teaching about safe and responsible online behaviours is essential, and we feel that involving families in this process will be crucial for the eSmart program’s success. We hope that families will support this program by reinforcing good decision making and appropriate use of technology at home.

## DEFINITION
Cyber bullying is when a person is tormented, threatened, harassed, humiliated, embarrassed or targeted by another person using the Internet, mobile phone, instant messaging, email, chat rooms, chat apps, social networking sites such as, but not limited to, Facebook, Twitter, Instagram, Kik, or other types of digital technology. For further information on cyber bullying please refer to the website at: www.cybersmart.gov.au

## IMPLEMENTATION
All students will undertake a Cybersafe program at school under the guidance of teachers. Before being allowed to use school computers all students must sign an Acceptable Use Agreement (Appendix 1), outlining expectations and standards of behaviour for the use of technology at school. The school community will be provided with information on being Cyber Safe on a regular basis, through an initial information session followed by newsletter articles and information from other sources. Incidents of Cyber bullying will not be tolerated at Newtown Primary School. Victims and their carers will be encouraged to report incidents occurring outside of school hours to law enforcement bodies. Any incidents that occur during school hours will be dealt with in consultation with the eSmart committee, Principal and families of students involved in accordance with this policy.

## CODE OF CONDUCT AGREEMENT:
Under the supervision of teachers, students are responsible for appropriate behaviour on the school’s computer network. Students and their parents are asked to sign an agreement on computer usage prior to the student being allowed to access the Internet at school. This agreement aims to ensure that parents and students are aware of their responsibilities with regard to
appropriate use of computers/ICT equipment and understand the consequences of breaking these rules. Newtown PS endeavours to be a Cyber Smart school and uses Cyber Safe guidelines when learning with technology.

<tr>
<td>• Withdrawal of access to the school network and devices</td>
</tr>
<tr>
<td>• Confiscation of personal devices that may have been used inappropriately, including on excursions and camps</td>
</tr>

</tr>
<tr>
<td>• It is a criminal offence to use an ICT device to menace, harass, make threats or offend another person. In these instances, the school may consider it appropriate to involve the Police.</td>

In investigating a suspected breach of this Policy the User agrees to promptly make the ICT equipment/device available to the school for the purpose of any investigation and/or audit and to cooperate otherwise with the school in any investigation or audit process.

<tr>
<td>Excursions and incursions are seen as an integral part of Newtown Primary School’s curriculum. Excursions enable students to explore, extend and enrich their learning and their social skills development, in a non-school setting. Incursions enable students to further their learning by complementing classroom lessons with experts and resources from outside the immediate school community. An excursion is defined as any activity beyond the school grounds. An incursion is an activity that involves school visitors who provide a performance, lesson or service for students. Excursions and incursions complement, and are an important aspect of the educational programs offered at this school.</td>

</tr>
<tr>
<td>- Office staff will be responsible for managing and monitoring the payments made by parents and will provide teachers with paid permission slips.</td>

</tbody>
</table>
### IMPLEMENTATION OF EXCURSIONS & INCURSIONS: STAFF ROLE

- A designated “Teacher in Charge” will coordinate each excursion/incursion.
- Staff wishing to organise an excursion/incursion must complete a *Notification of School Activity* form and lodge this for approval. All excursions/incursions must be approved prior to running. Where a proposed excursion/incursion form has not been submitted, that excursion/incursion will not run, unless special circumstances are pending. This decision will be made by the Principal or nominee. They will consider the educational outcome of the excursion/incursion as well as the impact on the school for the proposed date.
- Ensure the correct adult/student ratio of: one adult to 20 children for general excursions. When the ratio is higher than 20 children, extra support is required from ES staff or approved parents.
- The Teacher in Charge must provide the General Office with a final student list. This list must also include the arrangements for students not involved in the incursion.
- Copies of completed permission notes that include medical information, as well as a marked class list must be carried by excursion staff at all times.
- The teacher in charge is responsible for collecting a school first aid kit for each excursion prior to leaving.
- Teachers on excursions will be equipped with mobile telephones in case of emergency.
- Whilst participating in an excursion/incursion, students are to be counted on a regular basis.
- All excursions/incursions will be attended by school staff to ensure appropriate supervision of students at all times. In the event of an accident or emergency the teacher in charge will be responsible for the administration of first aid, and will contact parents as appropriate. In the event that parents cannot be contacted, the teacher in charge will follow first aid and emergency policies as set out by the school.
- Disciplinary measures apply to students on excursions consistent with the School’s Student Engagement Policy. In extreme cases the excursion staff, following consultation with, and the approval of, the principal or their nominee, may determine that a student should return home during an excursion. In this case, the parent will be contacted and informed of the circumstances and required to collect their child from the excursion venue.
- All excursion staff and, where appropriate, the students will be familiar with the specific procedures for dealing with emergencies on each excursion.
- Students not attending an excursion/incursion will be provided with suitable alternative activities.
- Where there is no cost involved for an incursion there will be no
need for permission slips. Parents will be informed prior to the incursion via newsletter or diaries.

**IMPLEMENTATION OF EXCURSIONS & INCURSIONS: PARENT ROLE**

- All families will be given sufficient time to make payments for incursions. Parents will be provided with permission forms and incursion information clearly stating payment finalisation dates. Student payments not finalised prior to the incursion will not be allowed to attend unless alternative payment arrangements have been organised with the Principal.
- All efforts will be made not to exclude students simply for financial reasons. Parents experiencing financial difficulty, who wish for their children to attend an excursion/incursion, are invited to discuss alternative arrangements with the Principal. Decisions relating to alternative payment arrangements will be made by the Principal in consultation with the Business Manager and appropriate staff, on an individual basis.
- Only students that have displayed sensible, reliable behaviour at school will be permitted to participate in school excursions/incursions. Parents will be notified if their child is in danger of losing the privilege to participate in an excursion/incursion due to poor behaviour at school. The decision to exclude a student will be made by the Principal or nominee, in consultation with the organising teacher. Both the parent and student will be informed of this decision prior to the excursion/incursion.
- Parents who have a current *Working With Children’s Check*, may be invited to assist in the delivery of excursions/incursions.

**RISK ASSESSMENT:**

- A Risk Assessment Form is to be completed by all participating teachers on behalf of their students, prior to an excursion taking place.

**Evaluation:**

*This policy will be reviewed as part of the school’s four year review cycle or more often if needed due to changes in regulations or circumstances.*

- General organisational matters relating to first aid will be communicated to staff at the beginning of each year. Revisions of recommended procedures for administering asthma, diabetes and anaphylaxis medication will also be given at that time.
- It is recommended that all students have personal accident insurance and ambulance cover.

Confidential records of all students with specific health needs are maintained securely in the general office for reference as required.

**HEADLICE POLICY – Newtown Primary School**

<tr>
<td>At any given time there could be children at Newtown Primary School with Pediculosis. Commonly known as head lice, these tiny insects live on the human scalp where they feed and breed. While they do not carry or transmit disease, they are the most common cause of head itch and scratching. Parents/guardians have the primary responsibility for the detection and treatment of head lice however we will work collaboratively with parents and the broader school community to implement practices and procedures to prevent and minimise the impact of head lice outbreaks on our school population.</td>

- To implement appropriate practices which aim to prevent the spread of headlice. |

<table>
<thead>
<tr>
<th>IMPLEMENTATION</th>
</tr>
</thead>
</table>

**SCHOOL’S ROLE:**

**Principal:**

- Distribute up-to-date information on the detection, treatment and control of head lice to parents/guardians and staff at the beginning of every year and more frequently if required. The advice will include information about the use of safe treatment practices which do not place students’ health at risk.
- Nominate a head lice resource/support person (parent/guardian or staff member) who parents/guardians can contact at the school at nominated times.
- Provide training of appropriate school personnel and management of head lice at the school level.
- When a child has been identified as having live head lice the principal will inform parents/guardians of their responsibilities to check, treat and exclude child from school until the day after treatment commenced.
- Ensure that the information relating to the prevention and eradication of head lice appears throughout the year in the school newsletter, particularly at times of heavy outbreaks, and support and provide practical advice to parents and guardians when needed.
- Provide a letter for all students in that area (P/1, 1/2, 3/4, 5/6) when a case of head lice has been detected via visual check or parent notification.
- Call child’s parents and provide a letter to be sent home when live head lice have been observed via a visual check.
- Use discretion about informing the school community about an infestation.

**Staff:**

- Teachers or staff members suspecting that a child has live head lice are to report their concerns to the principal. The principal has the overall responsibility to exclude a student from school. (The presence of eggs in the hairs is not a cause for exclusion. There is no requirement for a general practitioner or local council to issue a clearance certificate in order for the child to return to school.)
- A letter for the parents be distributed to the child who has been observed as
having head lice at the conclusion of the school day.
- Distribute a letter to all class members informing parents when a case of head lice has been detected in that area of the school (P/1, 1/2, 3/4, 5/6).
- Exercise sensitivity towards students and families with head lice.

Parents / Guardians:
- Inform the school upon detection of head lice and advise when treatment was commenced.
- Requested to complete a written consent form which allows students to be inspected for head lice.
- Encouraged to conduct a regular (preferably once a week) inspection of their child/children’s hair for head lice or eggs (using conditioner and a head lice comb is the most effective method)
- Regular inspection of all household members followed by treatment if head lice are detected.
- Ensure that once their child has been identified as having live head lice that they treat their child and only return child to school the day after treatment commenced.
- Need to be aware that one treatment is not sufficient to manage the problem. If a student re-attends school with live head lice the school may again exclude the student until the live insects have been removed.
- Encouraged to ‘tie back’ the long hair of their children.

Students identified with live head lice should be:
- provided with a note to take home to inform the parent/guardian that their child may have head lice at the conclusion of the school day.
- excluded from school until the day after treatment has commenced, as set out in the Health (Infectious Diseases) Regulations 2001, School Exclusion Table.

Class members:
- When a case of head lice has occurred in a class, a note will be sent home to the families of those in that area (P/1, 1/2, 3/4, 5/6) informing them. This will allow parents to check their child’s hair and notify school if head lice are present.

INTERNET BANKING POLICY - Newtown Primary School

PURPOSE:
Internet (electronic) banking offers an online facility (via a website) which provides users with the ability to undertake various banking functions, such as checking account balances, transferring funds between accounts, Direct Debit, Direct Credit and BPay.
“Under the Education and Training Reform Act 2006 the school council has the duty to ensure that all moneys coming into the hands of the School Council are expended for proper purposes.

IMPLEMENTATION
- Newtown Primary School will keep documents confirming all transactions related to the account(s) such as purchase orders, payment vouchers, payroll listings, screen prints of payee(s) details, screen prints of transaction(s) confirmation details, relevant CASES21 reports.
- All documentation required for electronic payments will be obtained, completed, checked and authorised by approving offices as per DEECD guidelines. “The Education and Training Reform Regulations 2007, Section 36(1) provide that the School Council must ensure that these are kept, in the form determined by the Secretary proper accounts and records of the transactions and affairs of the School Council and any other records necessary to sufficiently explain the financial operations and financial position of the school”.
- The Business Manager will be responsible for inputting payment details from CASES21 processing.
- All documentation is to be completed accurately, and be complete in detail in order to be checked by the Principal and School Council nominated authoriser.
- Newtown Primary School will maintain the appropriate segregation of duties to ensure and maintain the accuracy and legitimacy of accounts and transactions.
- Payments through the Internet banking are effectively just another form of payment, and as such any payments must still be authorised by the principal and a member nominated by the school council to authorise payments. The school business manager cannot be nominated as an authoriser. (Education and Training Reform Regulations 2007)
- Newtown Primary School will maintain security and confidentiality of data at all times.
- Newtown Primary School is to comply with bank imposed security measures. Newtown Primary School uses BankMECU Internet Banking. An important feature of dedicated internet banking software, and in particular to process creditor/payroll and related payments through Direct Debit/Credit and BPay, is that the payment is directed to one creditor/payee only and the inclusion of detailed audit trails or transaction reports results in a high level of data security and validation.

Evaluation:
This policy is to be reviewed on an annual basis following the AGM and Election of new School Council members.

**LEAVE & EduPay - Employee Self Service (ESS) POLICY – Newtown Primary School**

**Rationale:**

EduPay is a self-service online payroll and leave system for staff DEECD employees. The school Principal has the responsibility for managing all leave and leave requests, as well as ensuring the smooth and efficient operation of the school.

Leave may be an entitlement (eg: Family Leave), or may be awarded at the discretion of the principal (eg: Bereavement Leave). Leave may be paid or unpaid.

**Implementation:**

**Management of Leave**

Where practicable leave requirements should be discussed with the Principal in advance as not all leave is an entitlement. Sick Leave, Carers Leave must be entered online using Employee Self Service in Edupay. Leave forms will be placed in pigeon holes. A request for Long Service Leave, Annual Leave, Purchased Leave and Sabbatical Leave application must be put in writing to the Principal. Each form of leave is granted subject to a variety of legislative requirements.

- Staff requesting sick leave will notify the Principal or delegate as early as practicable.
- Applications for Long Service Leave should be at least two full terms in advance.
- The Principal or delegate will make provision for replacement staff and higher duties where appropriate.
- In determining whether leave may be granted, the Principal will consider:
  - Whether leave is discretionary or an entitlement.
  - The entitlement of the staff member to the leave for which they have applied.
  - The impact the granting of the leave will have on the operations of the school.
  - The order of leave applications.
  - The availability of replacement staff.
  - Previous leave record.
- The Principal maintains the right to waivered timelines in certain circumstances
- Staff are advised to seek leave approval before making travel arrangements.

**EduPay**

When using EduPay Payroll System staff need to be aware of the following
important points:

1. It is the responsibility of each staff member to ensure their personal details are correct – ie name, address and telephone number etc. Staff cannot change their own names (ie after marriage). This process needs to be completed by the Business Manager and legal evidence of name change must be provided.

2. It is the responsibility of each staff member to ensure their emergency contact details are correct.

3. It is the responsibility of each staff member to ensure their bank account and distribution details are correct. If the distribution details are not correctly entered (ie distribution of pay into one or more bank accounts) then the pay cannot be processed.

4. It is the responsibility of each staff member to access their payslips through EduPay. These are not available post employment.

5. It is the responsibility of each staff member to check their leave forecast (ie available leave). If you have insufficient leave for a planned or unplanned absence, staff members must consult the Principal to discuss their situation.

6. It is the responsibility of each staff member to correctly enter their Personal Leave information within one week of returning to work following an absence. In some circumstances the Business Manager will be instructed to enter leave prior to their return to work date. If leave has not been entered within one week, office staff will be instructed to enter Leave without Pay for the period of the absence. All leave must be approved by the Principal.

7. Where required, a medical certificate must be supplied to the Principal within one week of claiming leave or a date negotiated with the Principal.

MANDATORY REPORTING POLICY – Newtown Primary School

**RATIONALE:**
Newtown Primary School has a duty of care to protect and preserve the safety, health and wellbeing of its students and must always act in the best interests of those students. If a staff member has any concerns regarding the health, safety or wellbeing of one of its students, it is important to take immediate action.

Any person who is registered as a teacher under the Education and Training Reform Act 2006, or any person who has been granted permission to teach under that Act, including principals, is mandated to make a report to Child Protection. In the course of undertaking their professional duties, mandated staff members are required to report their belief, when the belief is formed on reasonable grounds, that a student is in need of protection from significant harm as a result of sexual abuse or physical injury.

**AIMS:**
- To protect the wellbeing of our students
- That all Primary school teachers and the principal (including pre-service teachers) know that they are prescribed as mandatory reporters under section 182 of the CYFA.
- That staff understand the legal obligations and procedures for mandatory reporting.

**IMPLEMENTATION**
- Staff will be informed of Mandatory Reporting requirements as part of their initial induction to the school and will be provided with supporting documentation in their staff handbook.
- Updates will take place annually as part of the Performance and Development Program.
- Mandated staff members must make a report to Child Protection as soon as practicable after forming a belief on reasonable grounds that a student is in need of protection from significant harm as a result of physical injury or sexual abuse, and the child’s parents are unable or unwilling to protect the child.
- There may be times when two or more mandated staff members, for example a teacher and a principal, have formed a belief about the same student on the same occasion. In this situation it is sufficient for only one of the mandated staff members to make a report. The other staff member is obliged to ensure that the report has been made and that all of the grounds for their own belief were included in the report made by the other staff member.
- **Staff do not require** the permission of parents, carers or guardians to make a report to Child Protection, nor are they required to tell parents, carers or guardians that they have done so.

**FORMING A BELIEF ON REASONABLE GROUNDS**
A person may form a belief on reasonable grounds that a child is in need of protection after becoming aware that a child or young person’s health, safety or wellbeing is at risk and the child’s parents are unwilling or unable to protect the child.

There may be reasonable grounds for forming such a belief if:
- a student states that they have been physically or sexually abused
- a student states that they know someone who has been physically or
sexually abused (sometimes the student may be talking about themselves)
- someone who knows the student states that the student has been physically or sexually abused
- a student shows signs of being physically or sexually abused.
- the staff member is aware of persistent family violence or parental substance misuse, psychiatric illness or intellectual disability that is impacting on the student’s safety, stability or development
- the staff member observes signs or indicators of abuse, including non-accidental or unexplained injury, persistent neglect, poor care or lack of appropriate supervision
- a student’s actions or behaviour may place them at risk of significant harm and the student’s parents are unwilling or unable to protect the child.

### REPORTING A BELIEF

Staff members, whether or not mandated, need to report their belief when the belief is formed in the course of undertaking their professional duties. A report must be made as soon as practicable after forming the belief and on each occasion on which they become aware of any further reasonable grounds for the belief.

Teachers are encouraged to discuss any concerns about the safety and wellbeing of students with the principal or a member of the school leadership team. If a principal or member of the leadership team does not wish to make a mandatory report, this does not discharge the teacher’s obligation to do so if they have formed a reasonable belief that abuse may have occurred. If the teacher’s concerns continue, even after consultation with the principal or member of the leadership team, that teacher is still legally obliged to make a mandatory report of their concerns.

There are two types of reports:

A report to **Child Protection** or a referral to **Child FIRST**.

**Child Protection** should be considered if, after taking into account all of the available information, the staff member forms a view that the child or young person is in need of protection because:
- the harm or risk of harm has a serious impact on the child’s immediate safety, stability or development
- the harm or risk of harm is persistent and entrenched and is likely to have a serious impact on the child’s safety, stability or development
- the child’s parents cannot or will not protect the child or young person from harm.

**Child FIRST** should be considered when the staff member believes the child or family would benefit from additional support.

### AFTER THE REPORT

The roles and responsibilities of staff in supporting students who are involved with Child Protection may include acting as a support person for students, attending Child Protection case plan meetings, observing and monitoring students’ behaviour, and liaising with professionals.

Confidentiality
Staff must respect confidentiality when dealing with a case of suspected child abuse and neglect, and may discuss case details and the identity of the child and their family only with those involved in managing the situation. When a student has moved to another school, professional judgement should be exercised as to what information needs to be passed on.

**Interviews at Victorian schools**
Child Protection may conduct interviews of students at Newtown Primary School without parental knowledge or consent. However, only in exceptional circumstances and if it is in the student’s best interests to proceed in this manner. Child Protection will notify the school of any intention to interview a student. This may occur regardless of whether the school is the source of the report to Child Protection.

When Child Protection practitioners arrive at the school, the principal or their nominee should ask to see their identification before allowing Child Protection to have access to the student.

It is the responsibility of Child Protection to advise the parents, carers or guardians of the interview at the earliest possible opportunity. This should occur either before, or by the time the child arrives home.

**Support persons**
Students should have a supportive adult present during interviews. A staff member should make arrangements for a supportive adult to attend with the student. A staff member may be identified as a support person for the student during the interview. Prior to the commencement of the interview, the Child Protection practitioner should always authorise the staff member to receive information regarding Child Protection’s investigation. This may occur verbally or in writing using the relevant Child Protection proforma.

Independent persons must refrain from providing their opinions or accounts of events during interviews. A principal or their delegate may act as an independent person when the student is to be interviewed, unless they believe that doing so will create a conflict of interest.

**Ensuring that a Child Protection interview takes place**
The school does not have the power to prevent parents, carers or guardians from removing their children from the school and should not attempt to prevent the parents, carers or guardians from collecting the child. If a parent/carer or guardian removes a child before a planned interview has taken place, the principal and/or their nominee should contact Child Protection or Victoria Police immediately.
### PROTECTING THE IDENTITY OF THE REPORTER

Confidentiality is provided for reporters under the CYFA. The CYFA prevents disclosure of the name or any information likely to lead to the identification of a person who has made a report in accordance with legislation, except in specific circumstances.

The identity of a reporter must remain confidential unless:
- the reporter chooses to inform the child, young person or family of the report
- the reporter consents in writing to their identity being disclosed
- a court or tribunal decides that it is necessary for the identity of the reporter to be disclosed to ensure the safety and wellbeing of the child
- a court or tribunal decides that, in the interests of justice, the reporter is required to attend court to provide evidence.

Information provided during a protective investigation may be used in a court report if the risks to the student require the case to proceed to court. In these circumstances, the source of the information may be required to provide evidence to the court.

If Child Protection decides that the report is about a significant concern for the wellbeing of a child, they may refer the report to a community-based child and family service and disclose the identity of the reporter to that service. However, the CYFA provides that neither Child Protection nor the community-based child and family service may disclose the reporter’s identity to any other person without the reporter’s consent.

**Professional protection for reporters**

If a report is made in good faith:
- it does not constitute unprofessional conduct or a breach of professional ethics on the part of the reporter
- the reporter cannot be held legally liable in respect of the report.

This means that a person who makes a report in accordance with the legislation will not be held liable for the eventual outcome of any investigation of the report.

**Failure to report**

A failure by mandated professionals and staff members to report a reasonable belief that a child is in need of protection from significant harm as a result of physical or sexual abuse may result in the person being prosecuted and a court imposing a fine under the CYFA.

| **Rationale:** | Newtown Primary School recognises it has a responsibility to provide and maintain a working environment that is safe and without risk to individual health and welfare. This responsibility extends to all employees, students, parents, contractors and other visitors to Newtown Primary School. |
| **Definition:** | **Manual Handling** is defined as using your body to exert force to lift, lower, push, pull, carry, move, hold or restrain any object or person. **Hazardous manual handling** can lead to many serious conditions, including muscle sprains and strains, abdominal hernias, back injuries and soft tissue injuries to the wrist, arms, shoulders, neck or legs. **Hazardous manual handling** means:  
  a. manual handling having any of the following characteristics-  
     • repetitive or sustained application of force;  
     • repetitive or sustained awkward posture;  
     • repetitive or sustained movement;  
     • application of high force;  
     • exposure to sustained vibration;  
  b. manual handling of live persons or animals;  
  c. manual handling of unstable or unbalanced loads, or loads which are difficult to grasp or hold. |
| **Aim:** | For Newtown Primary School to promote and maintain the health and wellbeing of staff, students and visitors, and to minimise the risks of possible injuries caused by manual handling to all school staff, students, visitors, contractors, and volunteers involved in curriculum programs and working bees. It also applies to all activities both on and off the school property, including school camps, excursions, and any other programmed activity outside the school grounds. Newtown Primary School Principal will coordinate the plan for managing manual handling in the school, and will ensure that resources are provided to meet OH&S commitments. |
| **Implementation:** | 1. Where possible, manual handling risks will be considered and assessed prior to any building upgrade, new activity and/or the purchase of all goods to be used at the school.

4. Once the risk assessments have been conducted, they will be ordered to establish priorities for control.

5. The risk hierarchy will be as follows:
   a. redesign to eliminate or reduce the risk;
   b. change the workplace, systems of work and/or the object;
   c. provide mechanical aids to reduce the risk and training in their use;
   d. training and education appropriate to the task.

6. Once the control measures are in place, they must be evaluated to make sure they:
   • are being used correctly
   • are not increasing the risk of injury, and
   • do help to reduce the manual handling risk.

7. Principal to highlight Manual Handling risks and procedures to all staff during the first whole school Professional Learning Team meeting of each term.

8. Principal ensure that at least two staff be trained in the safe use of ladders and only these members of staff access the roof areas.

9. Parents sign in on arrival for working bees and read Health and Safety information that clearly states their obligations to ensure that they adhere to the Health and Safety Guidelines.

10. Danger signs be placed on the roof areas and contractors accessing the roof areas use the safety connections.

11. When a staff member is involved in a manual handling incident or injury they report injuries to eduSafe www.eduweb.vic.gov.au/EduSafe (DEECD user based Incident Reporting & Hazard Management System)

12. Visitors and contractors who are unable to access eduSafe should fill out the Incident and Hazard Report Proforma and give it to the Business Manager to enter in eduSafe on their behalf.

MANUAL HANDLING POLICY RISK IDENTIFICATION

Tasks likely to cause manual handling injuries may be identified from CASES (DEECD management system) and the First Aid register/register of injuries, by consultation with staff and by direct observation – especially of work practices.

In the Department of Education and Early Childhood Development, manual handling injuries are common and costly. These injuries range from sprains and strains, due to sudden over exertion or forceful movements; to long-term wear and tear related injuries including Occupational Overuse Syndrome (previously RSI). Other related injuries such as slips, trips and falls may occur after someone has been undertaking manual handling tasks because, for example, they are tired.

In schools, some examples of hazardous tasks may include:
   • Carrying a large number of books (heavy and unstable)
   • Moving furniture and equipment eg. televisions
- Lifting and moving gym equipment (large, heavy or awkward)
- Pushing a trolley
- Emptying wheelie bins
- Restraining a frightened child
- Typing whilst at an inadequately set up work station (Ergonomics)
- Storing and retrieving archive boxes, in particular above shoulder height
- Stretching to reach a high shelf
- Separating fighting students
- Incorrect use or no use of small step ladder when displaying student work above shoulder height
- Bending to pick up objects
- Carrying large slabs of drink
- Moving rocks, digging in the school grounds
- Bending over for extended periods to be at the same height as students
- Unloading of materials from vehicles - trucks, vans etc

The physical environment can also increase the risk of injury. As an example, when tasks are performed on slippery or uneven surfaces or in temperature extremes (hot or cold)

# MATHEMATICS – Newtown Primary School

## Rationale:
At Newtown Primary School we understand that mathematics is an integral part of all aspects of our lives. ## Aims:

**For the Teaching Staff to:**
- Plan and provide a stimulating mathematics program that is based on AUSVels (2016) or The Victorian Curriculum (from 2017) to determine the sequential learning focus of a P-6 mathematics program.
- Plan and conduct experiences that challenge individual students whilst providing support and scaffolding to their learning.
- Plan sessions where possible, that integrate other curriculum areas
- Provide a variety of materials that students can use to create, solve and explore mathematical problems and concepts.
- Make mathematics ‘real’ by linking it with everyday life
- Provide open ended mathematical experiences that support exploration and differentiation.
- Model and encourage the use of consistent mathematical language
- Use a wide variety of assessment tools, in accordance with our assessment schedule, to conduct:

- Follow the mathematics section of the 'Newtown Primary School Assessment Schedule'
- Provide mathematical experiences and activities that are relevant to real life situations and ensure that students recognise the importance of mathematics in everyday life
- Provide a variety of appropriate materials that support students at all developmental levels with their numeracy work. In doing so, reference

- Engage students in mathematics lessons by ensuring lessons incorporate:
  - The development of mental strategies
  - Mathematical games
  - Written methods
  - Practical work
  - Investigational work
  - Problem solving
  - Mathematical discussion
  - Consolidation of basic skills and number facts

# PARENT PAYMENT POLICY – Newtown Primary School

## Rationale:

The Education and Training Reform Act 2006 ensures the provision of free instruction in the standard curriculum program, and empowers school councils to charge for goods and services used in the course of student instruction and to also raise funds.

The Student Resource Package provided to Government schools provides funding for the employment of staff, management of buildings and grounds and funding of curriculum programs.

In order to provide a broad and balanced school program and a high quality learning environment, we rely heavily on locally raised funds. Subject Contributions are used to purchase classroom materials.

An ICT Levy also offsets the cost related to our Information Technology resources.

## Aims:

To keep the Newtown Primary School community informed about what they will be required to pay for and how they may support their child’s education via a requisites charge.

## Implementation:

At Newtown Primary School this charge will be divided into three main categories:

**Subject Contribution**

Items in this category are all stationary, text books, scrapbooks, display books, grey lead and coloured pencils, pencil case, sharpeners, pens, erasers, scissors, rulers, markers, glue sticks, art materials, photocopying paper, toilet paper, soap, first aid material, sporting equipment for recess/lunch-time use by students.

**Voluntary Contributions**

The voluntary contribution will be requested from each family to support a project within the school. The School Councils will elect the project giving consideration to the priority within the school’s strategic plan.

**ICT Levy**

Cost of leasing desktops, laptops, netbooks, printers, printing and software subscription. This will ensure regular upgrading of the computers in our school.

**Building Fund (Tax Deductible)**

Building Fund will be used to provide improved facilities for our children. These improved facilities provide a wonderful learning environment for the delivery of core curriculum along with a wide variety of extra-curricular activities.

*Parents will be notified of the amount of the charge in early December of the preceding year. Payment is not required until families receive an invoice early in the ensuing year.*

Any parent/guardian who experiences difficulty in paying the outlined charges,

## REFUND POLICY – Newtown Primary School

<table>
<thead>
<tr>
<th><strong>Rationale</strong></th>
<th>The school must ensure that the provision of services for students, (i.e. excursions / camps / visiting groups / services) do not incur direct costs to the school, nor cause the school to run at a loss.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Aims</strong></td>
<td>To provide a fair and equitable refund system.</td>
</tr>
</tbody>
</table>
| **Implementation** | • Where the school is charged for the provision of a program or service as a bulk cost and not per head cost, no refund is able to be given.  
• Where a “per head” fee is charged refunds are able to be given.  
• Where there is a combination of a bulk charge and a “per head” charge in an excursion e.g. visit to a zoo. Bus charge is bulk cost. Entry fee is per head cost. Only the “per head” component is able to be refunded.  
• Deposits paid for school camps will be non-refundable unless cancelled by the school.  
• All claims for reimbursements must be made in writing within 14 days of the event. |

Purpose of this Policy
To ensure we have clear processes for all requirements relating to bookings and fee payments.

School Support Services OSHC service sets fee in accordance with our annual budget to meet the income required to develop and maintain a quality service for children and families. We strive to ensure that our service is affordable and accessible to families in our community. The annual budget is reviewed by the Approved Provider and Operations Manager annually, or as necessary, and monitored carefully throughout the year.

School Support Services uses Kids Wizz software which is a package specifically designed to process bookings, attendances and provides a statement to show family fees. This package is approved for the Australian Government by the Department of Education, Employment and Workplace Relations.

School Support Services will:
• Support families by providing information as it becomes available. However, families are responsible for liaising with the Family Assistance Office as needed. Families are reminded we are unable to communicate with the FAO in regards to details of CCB or CCR. This is a confidential matter for individual parties.
• Will calculate accounts every second Friday when numbers have been confirmed for the last session of the week. The accounts will be generated and distributed over the following week with the preferred method of email.
• Will process payments through our computer program. This will be entered by the Director or Operations Manager. A legally required receipt number will be generated on completion of this process. Receipts are stored electronically and can be retrieved upon request.

• After School Care Booking - $20.00

Definitions:
A booking is where a family has a permanent booking for their child at a service, made at the beginning of the term or at least 48 hours prior to using the service.
A casual booking is where a booking is made at short notice. (Less than 48 hours’ notice)
An Absence is where a child is booked into the service but does not attend. A child will be marked absent where 48 hours notice has not been given for a cancellation. Up to 40 days absent per annum will be covered by a family’s CCB rebate, if you go over 40 absences, the full fee will be charged in accordance with the CCB guidelines.
A Cancellation may be made 48 hours prior to a booking, if 48 hours notice is not given, a charge will be incurred on the account. Any cancellations to Vacation Care after the commencing day of the program will result in an absent fee being charged which is the equivalent to a full session fee.
CCB is an abbreviation for Child Care Benefit.
CCR is an abbreviation for Child Care Rebate.
FAO is an abbreviation for Family Assistance Office.
CCMS is an abbreviation for Child Care Management System.
Child Care Benefit. All children attending the service, and their legal guardians, must be registered with The FAO to attain customer reference numbers (CRN) in accordance with Department of Family and Community Services Legislation. The Department will notify the service of the fee relief to be administered to families. Families do not have to claim this benefit through the service but must at register for a CRN. As all of our programs use the Child Care Management System to process Child Care Benefit we require customer birthdates as well as CRN’s. The CCMS process means that we must send the FAO (Centrelink) attendance information by computer each fortnight. The system then works out what percentage rebate each family is entitled to claim and then reconciles this amount with School Support Services. We then bill the difference. The statements we provide state what care has been used and charges fees based on an estimate of what FAO will pay. It is the customer’s obligation to pay the full amount where there is a dispute with FAO. The onus is on customers to communicate with FAO where there is any dispute over rebate entitlements.
**Child Care Rebate.** In addition to any Child Care Benefit, families may also be eligible for the Child Care Rebate (CCR). Which is a **50% rebate** of your out of pocket expenses.

*Eligible families will receive a 50% rebate for the out of pocket costs of childcare (subject to the threshold rebate for the out of pocket costs of childcare, up to $7,500 per child per year. Please note 15% of the rebate will be retained by Department of Human Services (DHS) until your Tax Return is completed and they reconcile payments at the end of the year).

“If you have been eligible for a Childcare Benefit percentage at any time during the financial year”

You can elect to have the 50% rebate paid directly to the service rather than wait to receive the rebate. To activate this or for advice on your eligibility, you need to contact the FAO on 136 150, visit a Centrelink office or use the online system and select the ‘direct to service’ option.

**Booking Procedure :**
Bookings are to be made by calling the bookings number on 0488 662 783. Please call between 9am-3pm to make a booking.
Alternatively you can email bookings@schoolsupportservices.com.au
If you require confirmation of a booking, email is the preferred method of booking. You will not receive confirmation from a voicemail message.
Text messages will not be accepted for cancellations or bookings.
Please ensure you allow sufficient time to make a booking for your child. **48hours** prior is preferred to ensure we can staff and cater accordingly for the OSHC session.

**SPECIAL RELIGIOUS INSTRUCTION POLICY – Newtown Primary School**

| RATIONALE: | Newtown Primary school provides ‘Special Religious Instruction’ (SRI). In accordance with the Education and Training Reform Act 2006, it clearly states that the government school system is secular, and open to the followers of any philosophy, religion or faith. The 2006 Act specifies that the curriculum and teaching in government schools will ‘not promote any particular religious practice, denomination or sect’.

‘Special Religious Instruction’ (SRI) is based on distinctive religious tenets and beliefs.

Religious groups may enter government schools to teach children about their particular faith under strict regulatory conditions. Parents will be given an opportunity for their children to participate or not participate in SRI. |

| AIMS: | • Make available SRI that provides for the needs of the families attending Newtown Primary school.

• Arrange for the provision of Special Religious Instruction for the children of requesting parents.

• Ensure that children do not attend special religious instruction classes when their parents have requested non-attendance. |

| IMPLEMENTATION | Based on the provision in the Act the Principal will ensure that the following conditions apply for the provision of SRI:

• Any SRI delivered in a school should be provided during the hours set aside for the instruction of students.

• Instruction in the various faiths be conducted at the same time to minimize impact on other programs.

• Persons providing SRI must be accredited representatives of churches or religious groups and who are approved by the Minister for the purpose.

• SRI must be given on the basis of the normal class organisation of the school except where the Minister authorises some other basis to be observed. |

| IMPLEMENTATION: | The Principal must also: |
- obtain parental advice via the prescribed *(GC 566 form)* for their child to participate or not participate in SRI. This form will be sent home to all Prep families at the beginning of the school year as well as given to new enrolments.
- arrange for the provision of SRI where an accredited and approved instructor is available.
- ensure that attendance at SRI classes is not compulsory for any student whose parents request that he/she be excused from attending.
- coordinate SRI in the school timetable (usually 30 minutes per week) taking into consideration availability of accredited and approved instructors and impact on the other education programs.
- ensure appropriate supervision for students who attend SRI.
- ensure that students who do not attend SRI are appropriately supervised by teachers, and engaged in positive, independent learning such as self-study, including revision or other activities, for example, community service, peer mentoring, participation in clubs or instruction in areas outside the core curriculum.
- ensure core curriculum is not delivered to non-attendees during the period of SRI.
- ensure students do not leave the school premises for SRI held elsewhere except where the Minister authorises some other basis to be observed.
- request and retain a copy of the instructor’s formal accreditation in the school’s records and that instructors are accredited and approved by the Minister for Education. Accreditation includes a Working with Children Check, registration, training, minimum suitability standards for persons who work or volunteer with children, and Ministerial approval.

### Instructors:

The Department engages two major organisations to administer the accreditation and approval of religious instructors. They are (1) ACCESS Ministries, and (2) World Conference of Religions for Peace.

ACCESS Ministries’ religious instructors deliver *Religion in Life®* Christian Religious Education, which is an agreed syllabus representing 12 Christian denominations. Students receiving such instruction are not to be grouped for SRI according to denomination, but taught in their usual classes. This is the program available at Newtown Primary School.

The World Conference of Religions for Peace (a non-government organisation associated with the United Nations to interface with the world’s faith communities), currently administers the accreditation and approval process for religious instructors in other recognised faiths including Bahá’í, Buddhism, Sikhism, Hinduism and Orthodox
The Catholic Education Office/Diocese and United Jewish Education Board also accredit religious instructors in their respective faiths.

**Note:** When parents request SRI in a faith that is not available at the school, the principal should advise them that such instruction can only be scheduled if the particular religious group provides an accredited instructor who is approved by the Minister for Education.

Parents may withdraw consent for their child’s participation in SRI by notifying the principal in writing. It is not necessary to renew or withdraw consent each year.

At the start of each year ACCESS Ministries provides schools with the names of accredited instructors allocated to them. Schools are also informed of changes to instructors during the year. This information should be retained on file at the school.

PERMISSION TO PARTICIPATE IN
SPECIAL RELIGIOUS INSTRUCTION

STUDENT’S SURNAME:           STUDENT’S FIRST NAME:           YEAR LEVEL:

SPECIAL RELIGIOUS INSTRUCTION – 2013

Special religious instruction in Government schools is authorised under section 2.2.11 of the Education and Training Reform Act 2006 and can be given only where accredited and approved religious instructors are available.

In general, special religious instruction at Newtown Primary School is provided through the non-denominational agreed Christian syllabus Religion in Life® which was developed and is regularly reviewed by ACCESS Ministries (formerly known as the Council for Christian Education in Schools).

The agreed Christian syllabus is delivered by instructors drawn from the major churches including Anglican, Catholic, Protestant and Pentecostal who are trained and accredited by ACCESS Ministries and approved by the Minister for Education.

The agreed Christian syllabus Religion in Life®, currently provided at Newtown PS

• complements lesson themes and current Departmental policy,
• builds on the Victorian Essential Learning Standards as they relate to the physical, personal and social,
• learning strand helps children explore their own lives for meaning and purpose,
• introduces children to the religious life and ideas of their community,
• provides some understanding of stories, festivals, worship and symbols of the Christian faith in the community,
• respects children’s rights to uphold their own opinions while providing a broader understanding of this major influence on contemporary Australian culture.

Special religious instruction may also be provided separately for students in the Roman Catholic, Jewish, Islamic, Buddhist, Bahá’í, Orthodox Christianity, Sikh and Hindu faiths or other recognised faiths where accredited religious instructors can be provided by the relevant faith community and are approved by the Minister for Education.

<th><strong>STUDENT DRESS CODE POLICY – Newtown Primary School</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Rationale</strong></td>
</tr>
</tbody>
</table>
| **Aims** | • For all students to feel equal.  
• To develop a sense of identity and pride within our school and the wider community.  
• To encourage students to develop pride and respect in their own appearance by presenting themselves in a neat and attractive manner.  
• For all students to dress comfortably in all weather conditions  
• To prevent bullying and competition on the basis of clothing.  
• To enhance individual student safety and group security.  
• To prepare students for secondary school.  
• To allow for those students who may wish to observe particular religious and cultural requirements while also complying with the school dress code. |
| **Implementation** | • On enrolment parents are made aware of Newtown Primary School’s expectations of School Dress Code and alternatives for purchase.  
• A current list of uniform items for sale is available at the office.  
• All uniform items are available for purchase at Beleza School Uniforms.  
• Support agencies will be utilised to assist families who may have difficulty meeting uniform costs.  
• This policy will be translated into community languages where appropriate. |
| **Exemptions** | Parents or carers of students who may wish to be exempt from the dress code should hold discussions with the Principal to ascertain how they might be accommodated within the dress code policy.  

Grounds for exemption would occur when the dress code prevents a student from attending school or participating in activities on the same terms as other students because of personal characteristics referred to in Human Rights and Anti-discrimination Requirements.  

Examples may include:  
• Religious and cultural requirements.  
• A particular disability or health condition that requires a departure from the dress code.  
• Economic hardship.  

Further grounds for exemption may be permitted at the Principal’s discretion.
When selecting items for inclusion on the uniform list, Newtown Primary School’s Council has considered:

- Health and safety aspects.
- Uniform supply arrangements including cost implications and durability of items

## SUNSMART POLICY – Newtown Primary School

### Rationale:
A healthy balance of ultraviolet radiation (UV) exposure is important for health. Too much of the sun’s UV can cause sunburn, skin and eye damage and skin cancer. Overexposure to UV during childhood and adolescence is a major factor in determining future skin cancer risk. Too little UV from the sun can lead to low vitamin D levels. Vitamin D is necessary for the development and maintenance of healthy bones and muscles, and for general health.

### Aims:
Newtown Primary school will work in partnership with children, staff and parents to:
- Ensure all students and staff maintain a healthy UV exposure balance.
- Encourage the entire school community to use a combination of sun protection measures between September 1 and April 30 and whenever UV Index levels reach 3 and above.
- Work towards a safe school environment that provides shade for students, staff and the school community at appropriate times.
- Assist and encourage students to be responsible for their own sun protection.

### Implementation:
Newtown Primary School will ensure that from September 1 to April 30 a combination of sun protection measures are used whenever outdoors including:

#### SHADE:
- Ensure that families and new staff are informed of the school’s Sun Smart policy.
- There are sufficient number of shelters and trees providing shade in the school grounds particularly outdoor lesson or eating areas and popular play areas.
- Children and staff are encouraged to use available areas of shade.
- Children who do not have appropriate hats or outdoor clothing will be directed to play in the shade or a suitable area protected from the sun.
- The availability of shade is considered when planning excursions and all other outdoor activities.
- In consultation with the school council, shade provision is considered in plans for future buildings and grounds.
- On days of extreme heat students may be required to stay indoors during break times or for part thereof. This will be at the discretion of the principal.

#### CLOTHING:
- School Uniform includes sun protective clothing that is cool, loose fitting and made of densely woven fabric and that shirts and dresses that have collars and longer sleeves.

#### HATS:
- The school uniform includes hats that have broad brims to protect face, neck
and ears.
- From September 1 to April 30, children and staff are required to wear broad brim hats when out in the sun for periods in excess of 10 minutes.

**SUNSCREEN:**
- Children and staff on yard duty are encouraged to apply SPF 30 or higher broad spectrum sunscreen before coming to school and reapply throughout the day.
- Parents be requested that their children apply adequate sun protection in the form of sunscreen and provide protective swim wear clothing when attending swimming lessons or excursions at an outdoor pool.
- Posters are displayed throughout the school to remind children apply sunscreen before going outdoors.
- With parental consent, students with naturally very dark skin are not required to wear sunscreen.

**CURRICULUM:**
- Programs on skin cancer prevention and vitamin D are included in the yearly curriculum for all levels.

**COMMUNICATION:**
- Sun Smart behaviour is regularly reinforced and promoted to the whole school community through newsletters, school homepage, parent meetings, staff meetings, school assemblies, student and teacher activities and on student enrolment.
- Sun Smart communication with parents will be via the school newsletter and Compass leading into, and during the period September 1-April 30.

**FAMILIES AND VISITORS**
- Encouraged to use a combination of sun protection measures (sun protective clothing and hats, sunglasses, sunscreen and shade) when participating in and attending outdoor school activities.

**Evaluation:**
*This policy will be reviewed as part of the school’s four year review cycle.*

The Newtown Primary School community has a strong commitment to providing an education that reflects a local and global responsibility to our environment and the awareness of sustainable practice.

## Aims:

Newtown Primary School aims to become a Sustainable School by reducing our ecological footprint through adopting sustainable practices in our everyday lives. We will achieve this by integrating sustainability into all areas of the curriculum and instilling a sense of ownership of and pride in improving the environment. We will lead the community by demonstrating exemplary practices in waste management, water and energy usage, and develop the school grounds to promote biodiversity.

## Guidelines:

### Waste

- Students to take responsibility for disposing of food scraps, paper, recyclables and rubbish in the appropriate manner.
- To promote rubbish free lunches.
- To introduce and maintain recycle bins, compost bins and worm farm.
- That school events endeavour to be waste free through use of reusable or recyclable items.

### Biodiversity
- To use a garden plan for the future development of our school grounds.
- To develop garden areas that provide for different child activities.
- To involve community members in development and maintenance of school grounds.
- For each year level to use the school grounds as a resource for learning.

### Energy
- Reduce the use of energy consumption within the school.
- Use resources and equipment as efficiently as possible.
- Include students in the process of developing and maintaining an Energy Efficient school.
- Reduce the amount of greenhouse gas emissions.

### Water
- To reduce the water consumption within the school.
- To use resources and equipment as efficiently as possible.

| Aims and Targets: | We aim to achieve the following goals and targets over the next four years:  
| | 1. To develop a school vegetable garden with assistance from the school community.  
| | 2. To reduce waste by 20%.  
| | 3. To reduce energy consumption by 20%.  
| | 4. To use recycled tank water for garden areas where possible  
| Implementation:  
| Curriculum Focus | An Environmental focus will be incorporated into the Integrated Studies Units across all year levels.  
| | • Each year level will introduce or revise ‘Recycling Waste’ through daily rubbish disposal in the classrooms  
| | • Each year an area of investigation will occur from the four areas below:  
| | Waste  
| | • Students to engage in units of work relating to waste.  
| | • Assign students to dispose of waste and recycled products daily in the appropriate manner.  
| | • Encourage students to bring rubbish free lunches to school and each term hold a whole school rubbish free lunch day.  
| | • For monitors to collect food waste daily and transfer it to the compost bin.  
| | • For students to dispose of paper into classroom paper recycling bins.  
| | • For students to recycle comingled waste in the classroom and school yard.  
| | • Use recycled paper for printers and photocopiers.  
| | • Promote the reuse principle of paper in classrooms, staffroom and office.  
| | Biodiversity  
| | • Students to engage in units of work relating to biodiversity.  
| | • Consult local community members on ways to improve our garden (e.g. Where to plant, what to plant).  
| | • Involve community members in planting and maintaining our gardens.

## SUSTAINABILITY (Green Procurement) POLICY – Newtown Primary School

### Rationale:
Newtown Primary School is committed to sustainable practices within its community. We recognise that Green Procurement is about choosing products that are less damaging to the environment and human wellbeing than the products that may being purchased. Green Procurement is not about buying the ‘greenest’ product on the market, it’s about buying ‘greener’ and finding products that suit our needs. Green Procurement is a method of purchasing where environmental and social considerations are taken with equal weighting to price, availability and performance. Every product purchased impacts on the environment and subsequently on human wellbeing during its life cycle. Our purchasing, usage and waste disposal choices can make a difference not only in our local community but also on a global scale.

### Aims:
Newtown Primary School will endeavour to purchase ‘green products’ in order to reduce our environmental impact. And to educate students on making environmentally friendly choices for life.

### Guidelines:
When feasible, Newtown Primary School will purchase products, materials and equipment that:
- have been made from recycled products
- can be recycled
- reduces waste (to landfill, energy and water)
- are biodegradable
- reduces toxicity

### Implementation:
When feasible, Newtown Primary School is to:
Minimise waste through avoid/rethink;
- use electronic communications rather than on paper
- purchase products that are biodegradable such as paper plates and cups

Minimise waste through reduce;
- use less in the first place
- purchase in bulk to reduce packaging
- print double sided
- ensure that teachers and students reduce paper waste by using both sides of paper

Minimise waste through reuse;
- purchase items that are durable
- reuse items, borrow for one off use

Minimise waste through recycling;
- purchase recycled paper for printers, photocopiers
- purchase recycled products for book orders
- purchase furniture / equipment made from recycled materials

Minimise toxicity through;
• purchase of products that should not release toxic or polluting substances that can affect health and pollute water, land or air
• purchase of products that have the potential for safe disposal

Maximise energy efficiency through;
• purchase of products that are energy efficient, - check the energy star rating

Maximise water efficiency through;
• purchase of products that are water efficient, - check the water efficiency label

# WORKING WITH CHILDREN CHECK – Newtown Primary School

## Preamble

The Working with Children (WWC) check aims to assist in protecting children from sexual or physical harm. It is designed to complement good selection, supervision and training practices (including rigorous reference checking).

The intent of this procedure is to outline which positions at the Newtown Primary School require a WWC check and the process to be followed.

This procedure applies to all positions at Newtown Primary School including volunteer, honorary, consultant and contractor positions. Any reference to ‘candidates’ also extends to staff currently occupying a position.

## Definition

**Child:** a person who is under the age of 18 years.

**Student:** any child who is enrolled at the School

### What is the WWC check?

The WWC check verifies a person’s history to make sure they do not have any relevant criminal offences or findings from professional disciplinary bodies. The WWC check is valid for 5 years (unless revoked). During this time the cardholder continues to be checked for new relevant offences or findings. The WWC check is administered by the Department of Justice.

## Guidelines

A WWC check is required for positions that meet all of the following criteria:

- involve contact with children in connection with our school
- the contact happens on a regular (everyday) basis;
- involve **direct contact** with children and this contact is not **directly supervised**; and
- the position does not qualify for an exemption as listed under the act. (including teachers, police officers, accredited commercial vehicle drivers)

### What is the application process?

The candidate must complete a Working with Children Check application form. The forms are available online or at Australia Post outlets in Victoria. Under the section marked ‘Details of Organisation’, candidates should ensure they state **Newtown Primary School**.

If the applicant passes the check they will be sent a successful Assessment Notice, followed by a WWC check card 2-3 weeks later. Further information about the application process is available on the Department of Justice webpage.

### What if the applicant does not pass the check?

If the applicant does not pass the check they will be given an Interim Negative Notice. The applicant can then make a submission to the Department of Justice to explain why they believe they should pass. If this submission is not successful the applicant will be issued with a Negative Notice. This means they have failed the WWC Check and **cannot undertake ‘child-related work’ or work in our school.**
When can the candidate commence?  
Commencement in The School is conditional upon receipt of a successful Assessment Notice or WWC check card. Any queries should be directed to the Principal.

Who pays for the WWC check?  
Candidates who are required to undergo a WWC check as a condition of working in the School will not be able to receive reimbursement for the cost from The School.

Responsibilities  
The School must:
- identify all staff who require a Working with Children check;
- ensure existing staff and volunteers are informed of the requirement to undergo the check;
- ensure prospective staff and volunteers have passed a WWC check before commencement;
- check the card’s validity on the Department of Justice webpage;
- have a photocopy of the WWC card and with details updated on the school register (if individual is a staff member, copy to be kept on the staff member’s personnel file);
- ensure suitable monitoring procedures are in place to ensure staff members hold a valid WWC check card at all times.

The staff member or volunteer must:
- provide the successful WWC check card prior to commencement at our school.
- notify the office if there has been a relevant change in circumstances, for example, if they have been charged or found guilty of a new relevant offence.
- apply for a new WWC check before their card expires.

What is the difference between a WWC Check and a police records check?  
A police records check gives information about a person’s past criminal record and is only valid at the time of issue. The WWC check is valid for 5 years (unless revoked). During this time, cardholders continue to be checked for new relevant offences or disciplinary findings from professional bodies such as the Victorian Institute of Teaching. In addition, not all criminal offences are relevant to the WWC check. Broadly, the WWC check considers serious sexual and violent drug offences.

A staff member or volunteer is required to undertake a WWC check even if they have already completed a police records check.
